New Charity Governance

The GPFA is in the middle of changing its formal governance model.

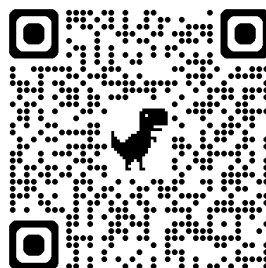

For the first time in fifty years we are redrafting our 'governing document' to bring it up to date with new Charity legislation and guidance.

We're keen to hear your views before we finalise these new ways of working.

An introduction to the proposals is linked in the QR code below, together with the current draft of the new GPFA Charitable Trust Deed.

Let us know what you think by 14th May 2026
